# ANA'S SILENCE

SCRIPT AND DRAWINGS BY JOSÉ AGUILAR

CEMIN is an interdisciplinary organization, socially started, that provides interpretative and indicative criteria from an independent point of view about what is the superior interest of the childhood and teenage years, in the different scenarios where professional intervention may be required for their wellness: socially, juridical, formative, educational and sanitary.

Is formed by professionals of every possible intervention field related with family (judges, lawyers, psychologist, public workers...) and help CEMIN with their knowledge and dedication to protect and work for the childhood or teenage interest.

Inside the protection campaign for the family and childhood "NO SABEIS LO QUE ME PASA" (You don't know what is happening) we developed a comic collection that show the problems and necessities about the family, childhood and teenage years of our times, like a whole related theme, always imperfect and unfinished with the intention of generating behavior changes in boys, girls, their parents and we the professionals that act in family conflicts.

We hope you enjoy the reading and that we can acknowledge your suggestions and proposals for future editions.

Everyone is invited to my birthday. We will watch a movie and then go to burger, but they are late...  
Is our reunion after summer.

I don't understand why nobody else came.

I have a new mobile phone. My uncle gave it to me.  
I want to get connect through WhatsApp or Instagram...

You were all invited to my birthday.

Girls! I thought you were not coming.

Where is everyone else...?

Smile a little, niece.

Can't you be happy even today?

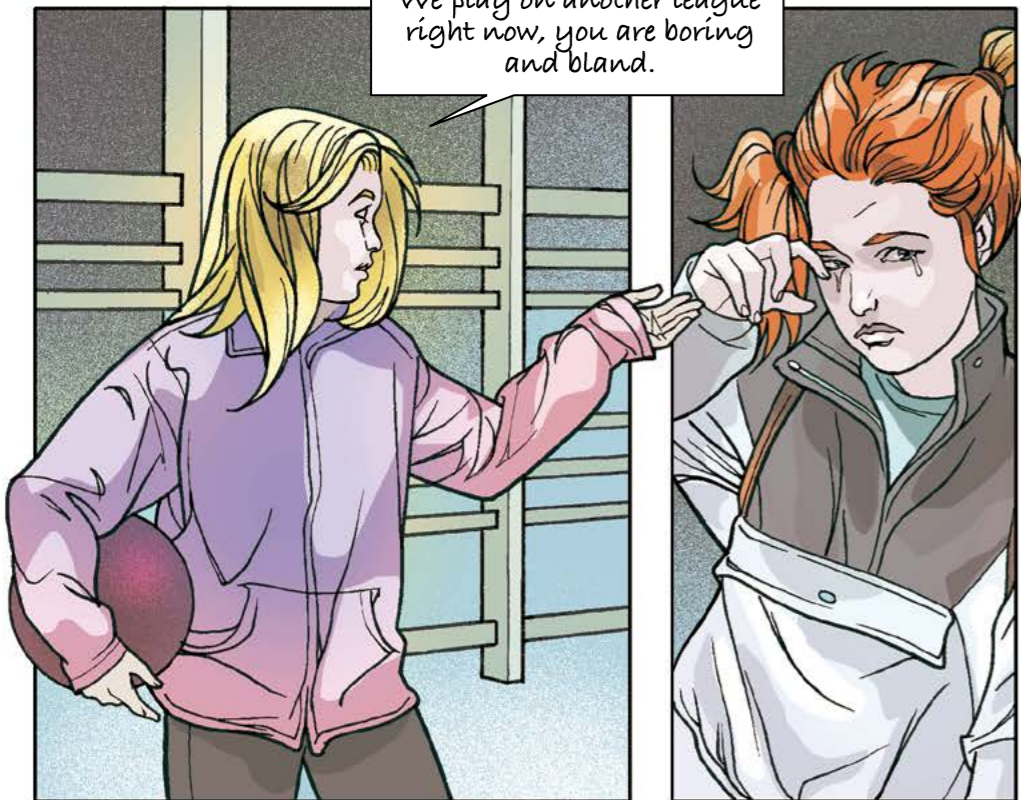

All for today girls. Everyone to the changing room.

Hi, Rosa, can we talk for a minute?

Look, Ana, don't make this harder.

We play on another league right now, you are boring and bland.

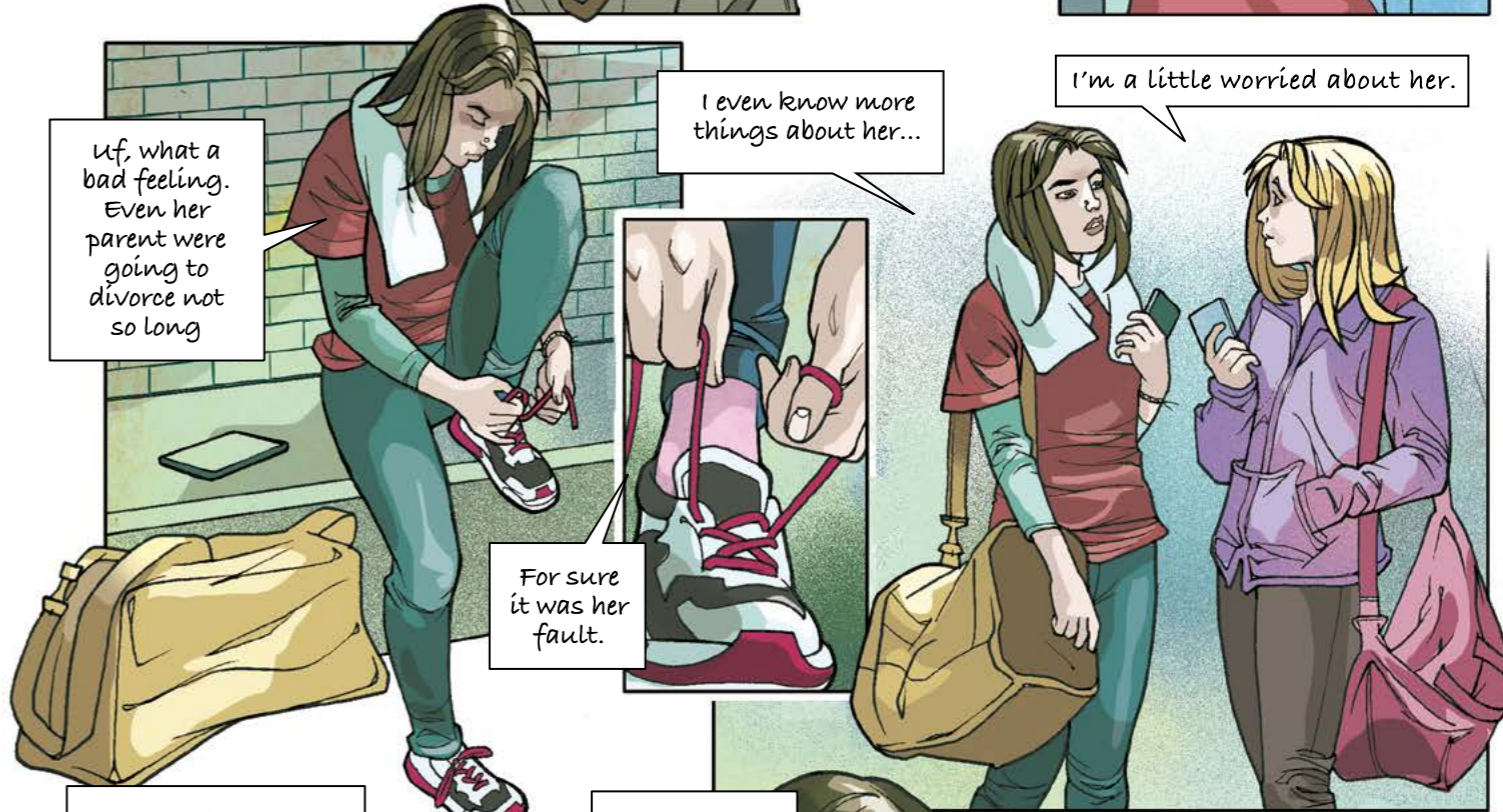

What were you doing talking to "her"?

Nothing, I was telling her that she is bland and I am over her.

She is a stupid girl, I can't on get with her.

If I would tell the things I know about her...

Uf, what a bad feeling. Even her parent were going to divorce not so long

I even know more things about her...

I'm a little worried about her.

For sure it was her fault.

That is what she want, she is playing victim...

I'm going to send her a message...

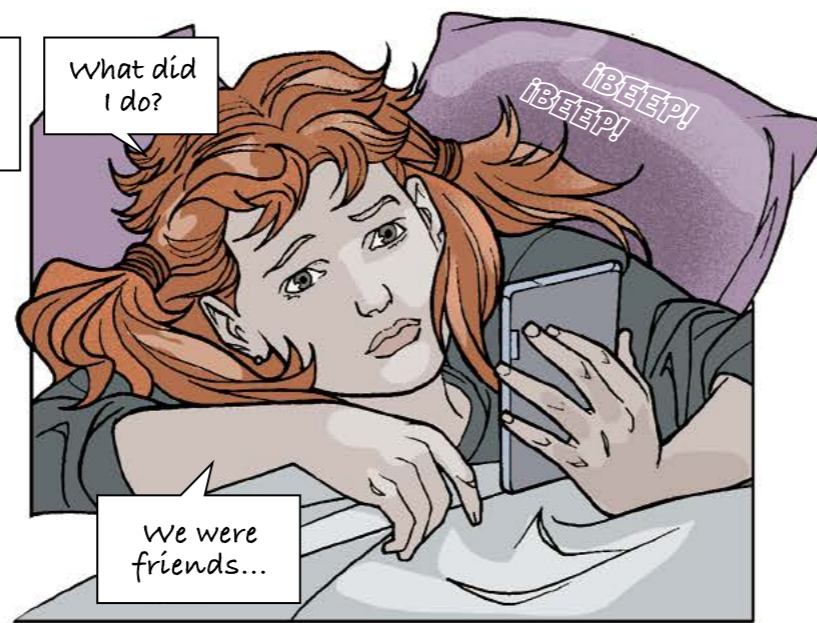

WHAT'S WRONG WITH U... IF U GET CLOSE TO MY FRIENDS AGAIN YOU'RE

Done.

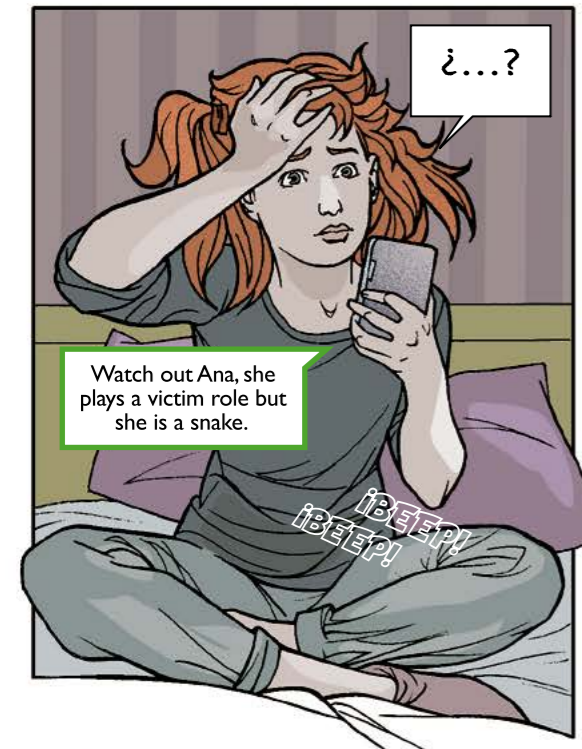

I don't understand. I don't understand. I don't understand...

IBEEP!  
IBEEP!

What did I do?

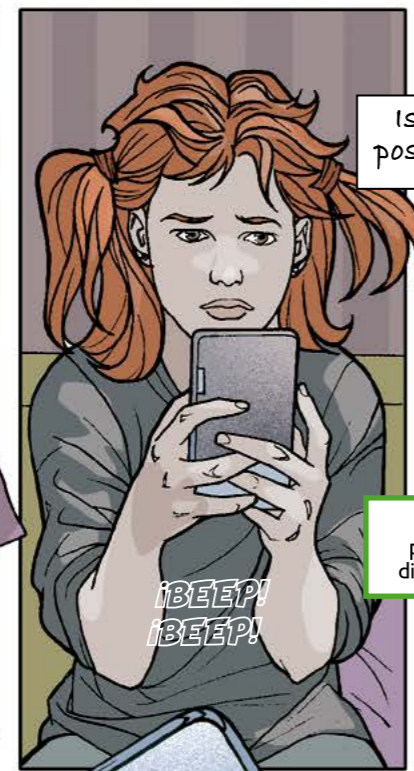

We were friends...

¿...?

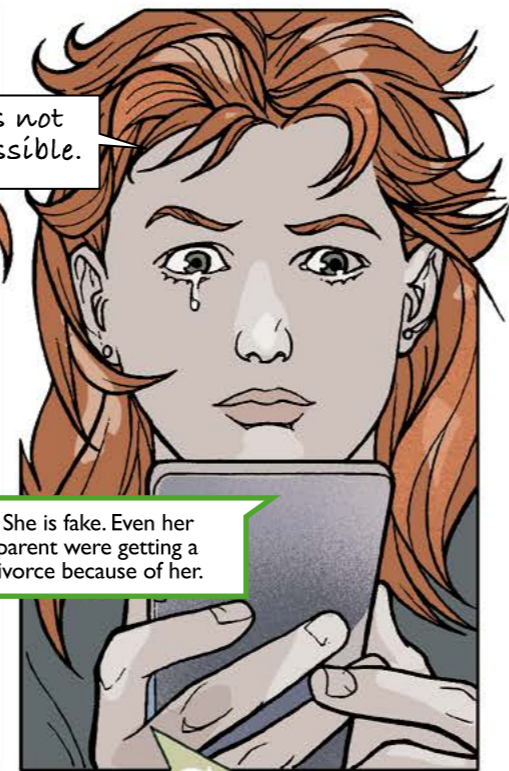

Watch out Ana, she plays a victim role but she is a snake.

IBEEP!  
IBEEP!

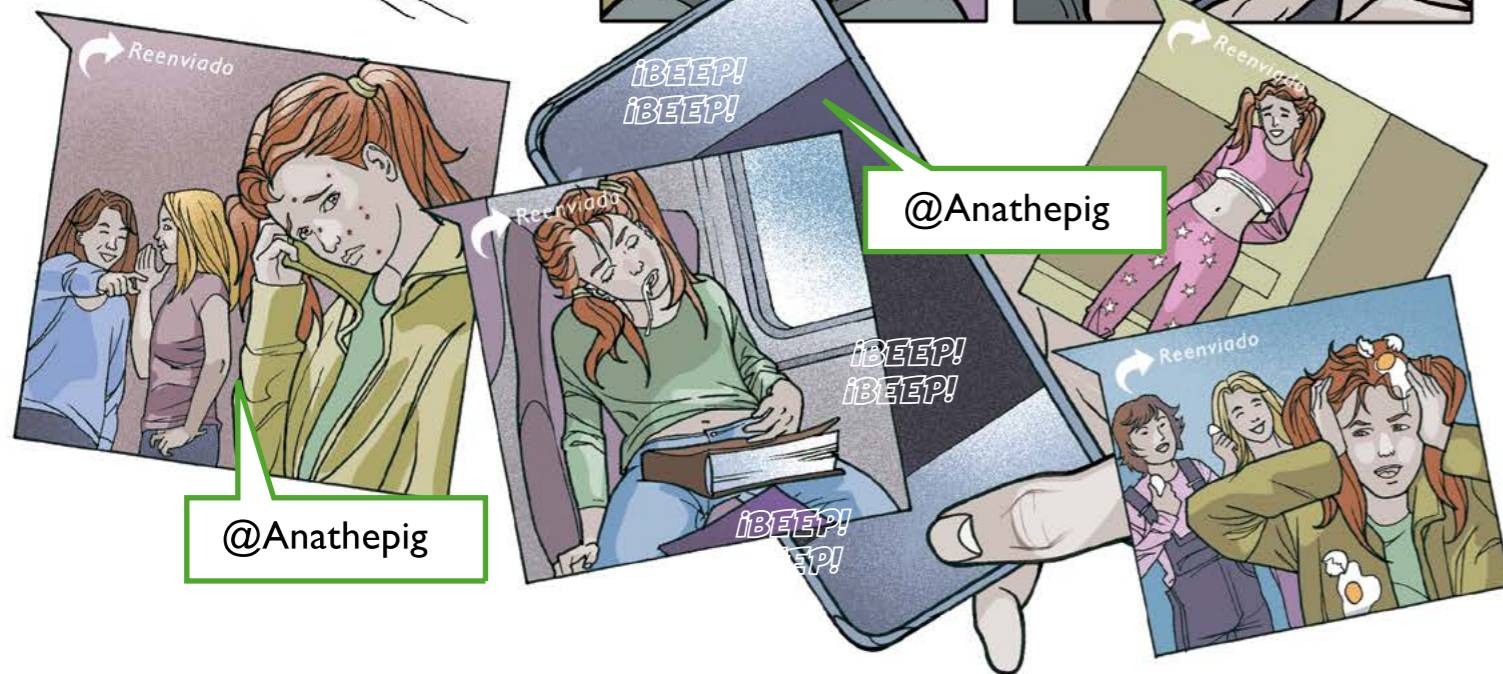

Is not possible.

IBEEP!

Hi, Ana. How is my favorite niece?

Hi aunt. What are you doing here?

Did something happen?

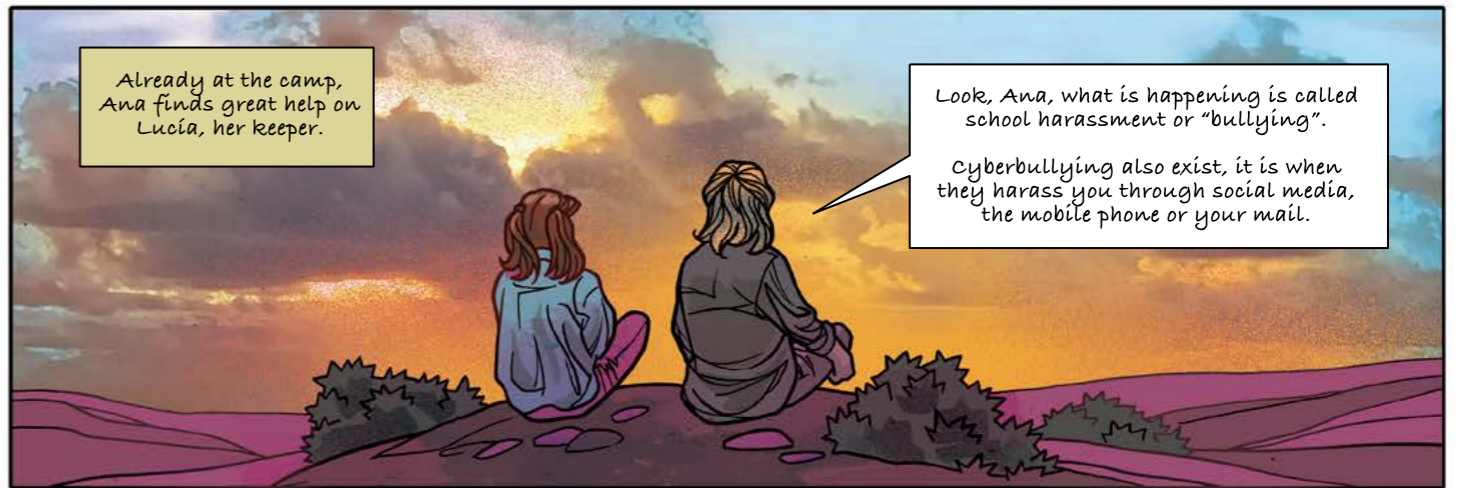

Tell me, Ana. I felt horrible when I saw this.

@Anathepig

For the moment you are going to a summer camp.

You are having fun. You will see.

Already at the camp, Ana finds great help on Lucia, her keeper.

Look, Ana, what is happening is called school harassment or "bullying". cyberbullying also exist, it is when they harass you through social media, the mobile phone or your mail.

Let's talk to your parents. I will go with you. Don't worry.

Why didn't you tell us before? We are your family.

Ay, Ana, my sweetheart...

We are changing school again.

But before we are presenting a demand to the school directive.

If you want, we can talk with your parents and look for a school that help with school harassment.

Sure. Thanks, Lucia. Really, thanks.

Also, it would be nice if you start therapy.

Supercool Lucia. I made a lot of friends. You helped me a lot. I think I will go to therapy.
